PENDANT & WIRELESS

ALL NEW WIRELESS AND PENDANT CONTROL

AT LAST!!

You can have both, you can have the confidence and safety of your standard 24 Volt pendant controller with 10 full metres of control cable and you can have a fully wireless remote control system simultaneously in a neat, compact reliable unit.

Launching your boat, completing that handy man job or working on your building site couldn't get any easier. Best of all, this comes at a very reasonable price without sacrificing quality.

SIMPLE TO INSTALL

Our range of Tiger winches are all of the planetary design, rugged in construction and engineered to exacting standards, fully approved for hoisting applications.

Tiger winches are extremely compact, user friendly and required minimal servicing. These brilliant little units are fitted with a fail-safe electromagnetic brake. All units are supplied with rope up to 120 mtrs, safety hook, pendant control/wireless controller and are prewired.

APPLICATIONS:

Pull your plane or helicopter into your hanger with ease.

Boat ramp – Jet skis, tinnies no problem.

Small workshops – pull that in operatable motor car up onto your car hoist.

Home handyman – light & versatile – can be moved and used in many areas.

Ideal for building sites – moving equipment up onto the second floor, moving bricks or building materials.

Agricultural environments, water pump installation and removal of dam strainer nets.
